Spine Pain Program

The Bloor Pain Specialists Spine Pain Program is led by Dr. Ognjen (Ogi) Visnjevac, MD, FRCPC, D.ABA (ANES), D.ABA (PM) and co-managed by Dr. Frederick Ma, CCFP. Dr. Visnjevac is a pain management specialist with a focus on spine pain currently accepting new patients at Bloor Pain Specialists in Toronto (Etobicoke). He is an FRCPC anesthesiologist who did his interventional pain management training at the Cleveland Clinic, the largest academic pain management department in North America, and practices as a staff pain management specialist at Cleveland Clinic Canada, as well as Bloor Pain Specialists, and serves as adjunct faculty at McMaster University in the Anesthesiology Department. Dr. Ma is the Medical Director at Bloor Pain Specialists and a Chronic Pain Physician.
